

## MASTER OF TAXATION DEGREE REQUIREMENTS

### for Juris Doctor/Master of Taxation Students

Through our partnership with the School of Law, we offer the concurrent Juris Doctor/Master of Taxation program, which allows students to take courses that provide credit for both degrees. By pursuing the degrees concurrently, students complete the 30-hour Master of Taxation (MTAX) and the 90-hour Juris Doctor (JD) with 108 hours of coursework. Six hours of the MTAX degree are counted toward the JD degree, and six hours of the JD degree are used to complete the MTAX degree. Students participating in the concurrent degree program must be admitted by both the School of Law and the Graduate School/Patterson School of Accountancy.

The Master of Taxation program requires 10 three-hour courses, including five required accountancy and taxation courses, two taxation electives, two accountancy electives, and one non-accountancy elective. Students will choose two cross-listed law courses as taxation electives; those courses will also be counted toward the law degree. Students will take ACCY 611 (cross-listed law course) as an accountancy elective and will choose one three-hour law course to be counted as a non-accountancy elective. Students must enroll in all 31 hours of required first-year law courses in one academic year.

Course descriptions are available in the [course catalog](#). For semester and term schedule information, please see the [academic calendar](#). Class meeting dates and times are available in [MyOleMiss](#).
